CERTIFICATES

Certificate of excellence Introduction to JAVA by Coding Ninjas. ⬈

Certificate of excellence Data Structures in JAVA by Coding Ninjas. ⬈

Certificate of excellence in Front End | Full Stack Web Development by Coding Ninjas. ⬈

Certificate of excellence in Back End | Full Stack Web Development in Node.js by Coding Ninjas. ⬈

Certificate of excellence in React.js by Coding Ninjas. ⬈

SKILLS

React.js   Node.js   Express.js   MongoDB

Nosql   HTML   CSS   Javascript   Firebase

MVC architecture   Next.js   TypeScript

Version Control/Git

PROJECTS

BuyBusy eCommerce ⬈
- GitHub Link
- This is an online shopping / eCommerce website made using Reactjs, a Firebase database for storing data on the cloud, and ContextAPI for storing state and creating functions.
- A user can create his account and sign in to his account. Users can add multiple products to their cart by clicking on the "add to cart" button.
- It is built using React js, Firebase Database, ContextAPI, react-router-dom, react-toastify, react-spinner, and CSS.

The News App ⬈
- GitHub Link
- Users can create an account by providing basic information such as username, email, and password.
- Registered users can securely log in to their accounts using their credentials.
- The platform offers a dynamic news feed with the latest articles fetched from various sources.
- Users can mark articles as favorites and access them later in the Favorites section.
- Users can easily add or remove articles from their list of favorites.
- It is built using React.js, Node.js, Express.js, MongoDB, firebase, and TypeScript.

CryptoVision: Real-time Analytic ⬈
- GitHub Link
- Welcome to CryptoVision, your ultimate destination for real-time crypto analysis.
- Our React App empowers you with live market data, interactive price charts, and technical indicators to help you make informed investment decisions.
- Whether you're a day trader or a long-term investor, CryptoVision is your trusted companion in deciphering the complexities of the crypto sphere.
- It is built using React.js ,Chakra UI etc.
